<ul style="list-style-type: none">CLP COURSE: Advanced Programming in C by CISCO (certificate .pdf)	June' 21

PROJECTS

"Smart Wireless Transmission with Least Radiation"

- With a team of three members, we designed a wireless Signal Transmission in which people can turn of/on their home appliances from outside within a range of 5 km. and use their phone connectivity with the people within the range without using Internet, thus create least radiation.
